Patio Packs

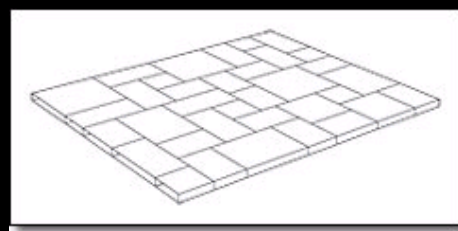

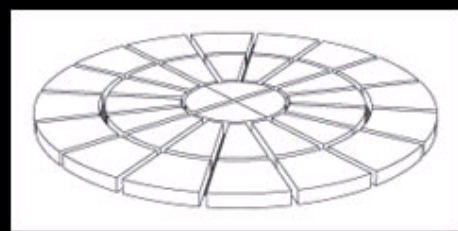

We've done the work for you!

Bradstone Patio Packs have been specially developed as a complete patio with your design in mind. They are available in Circle, Quartered Square and Standard patterns, or you can easily blend any Patio Pack combination to give you virtually limitless design flexibility.

Each Patio Pack is available on a single pallet with the necessary paver sizes, optional laying patterns and installation instructions. Expanding your patio with Packs is easy. For larger areas, simply add additional Packs together. They are available in our most popular paver styles such as Old Town Flagstone Paving, Wetherdale Paving and Old Cathedral Paving. Of course, you can purchase any paver size individually as part of our standard product offering or combine them with patio pack features to achieve the look you want. Patio Packs, simply installed... simply elegant.

Patio Packs are available in these paving lines:

[Old Town Flagstone Paving](#)

- [Large and Small Circle Patio Packs](#)
- [Quartered Square Patio Pack](#)
- [Standard Patio Pack](#)

Wetherdale Paving

- [Large and Small Circle Patio Packs](#)
